General Safety Instructions

- The rigid items and plastic parts of an Enhanced Child Restraint System shall be installed and positioned so that they cannot become trapped, during everyday use of the vehicle, from becoming trapped by a movable seat or in a vehicle door.
- Any straps securing the restraint to the vehicle should be tighten, any support leg should be in contact with the vehicle floor, any straps or impact shields restraining the child should be adjusted to fit the child's body, and straps should not be twisted.
- It is important to ensure that any lap strap is worn low down.
- The Enhanced Child Restraint System should be replaced when it has been subjected to violent stresses in an accident.
- It is dangerous to make any alterations or additions to the device without the approval of the Type Approval Authority, and it is also dangerous if the installation instructions are not closely followed provided by the Enhanced Child Restraint System manufacturer.
- Be sure that children are not left unattended in their Enhanced Child Restraint System.

- Ensure that any luggage or other objects that could cause injury in the event of a collision are properly secured .
- Be sure that the Enhanced Child Restraint System shall not be used without the cover.
- Be sure that the Enhanced Child Restraint System cover should not be replaced with any cover other than the one recommended by the manufacturer, because the cover is integral part of the restraint system's performance.
- Refer to the vehicle manufacturer's handbook for the use of an "i-size Enhanced child Restraint System".

WARNING

IMPORTANT-DO NOT USE BEFORE THE CHILD'S AGE EXCEEDS 15 MONTHS(Refer to instruction)

You can use your child car seat as follows:

Know Your Child Seat

01- Headrest adjustable switch

02- Headrest

03- Shoulder belt guide

04- Backrest

05- Chest Pad

06- Comfortable Cushion
(Suitable for 76-87cm)

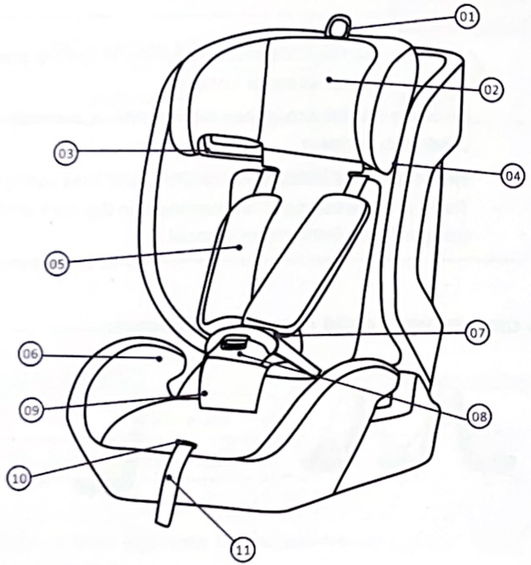
07- Shoulder strap

08- Buckle

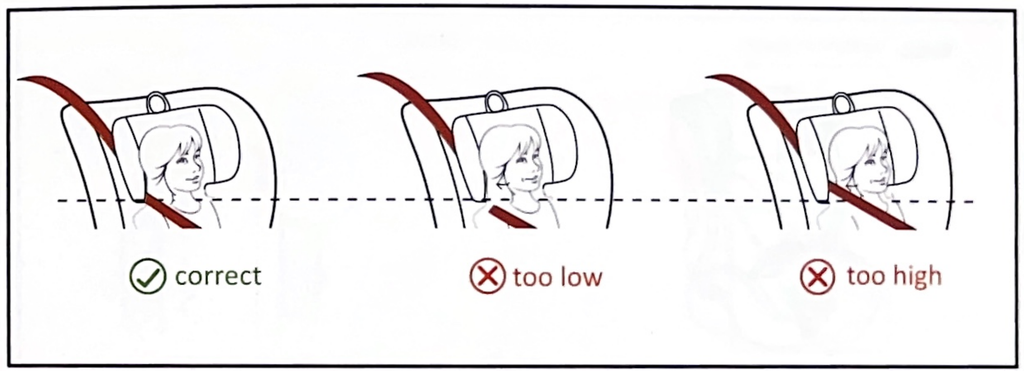
09- Crotch Pad

10- Adjuster

11- Harness adjnstment strap



Setting The Shoulder Belt Height



Check whether the shoulder belt is set to the correct height for your child.

The shoulder belt should be threaded through the belt slots that are at or just above the child's shoulder height.

Setting The Headrest Height

Step1.

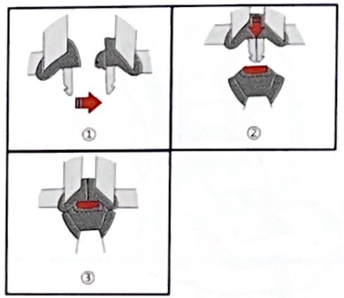
Step2.

Step1. Loosen the harness .Press the adjuster button. To release the harness, press the adjuster button with one hand and use other hand to pull the shoulder straps outward.

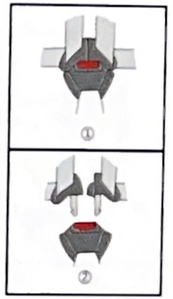
Step2. Pull the headrest adjustment lever up or down to adjust the height of the harness and headrest to match the child's height.

Using The Buckle

Locking Method



Unlocking Method



Locking Method :

Align the left and right buckle tongues then insert them into the buckle until you hear a“Click”.

Unlocking Method:

Press the red release button on the buckle downwards, the two metal tongues will pop out.

Adjust The Harness

Loosening the shoulder harness

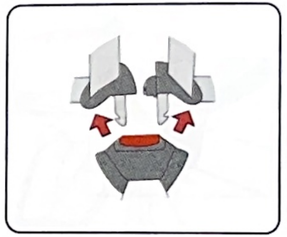
Tightening the harness

Loosening the shoulder harness

Press the adjuster button under the cover and at the same time pull both shoulder straps forward.

Tightening the harness

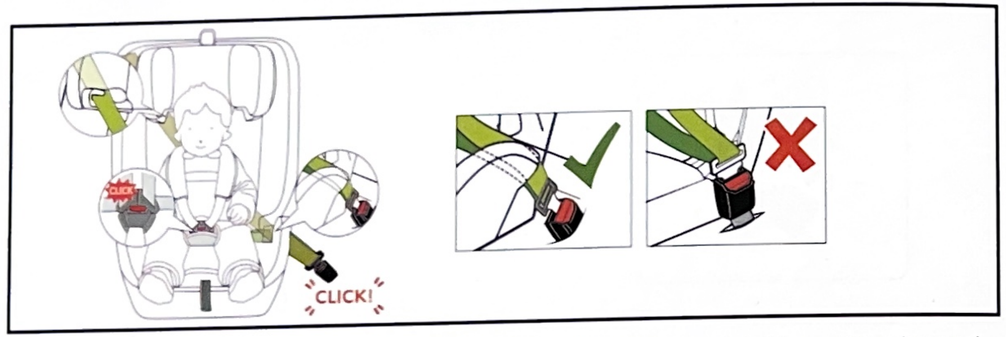
Pull the adjuster strap until the harness is fully tightened.



Release the buckle.

Put the child into the safety car seat, align the left and right buckle tongues then insert them into the buckle until you hear a “click”.

Forward-Facing Installation(76-105cm)



Pull the child seat slightly away from the vehicle seat . Gather approximately 80 cm of the diagonal seat belt and lap belt together.

Guide both the diagonal and lap section of the vehicle safety belt through the belt loops on the seat shell, and buckle up. You will hear an audible CLICK! Feed any slack in the belt back into the retractor.

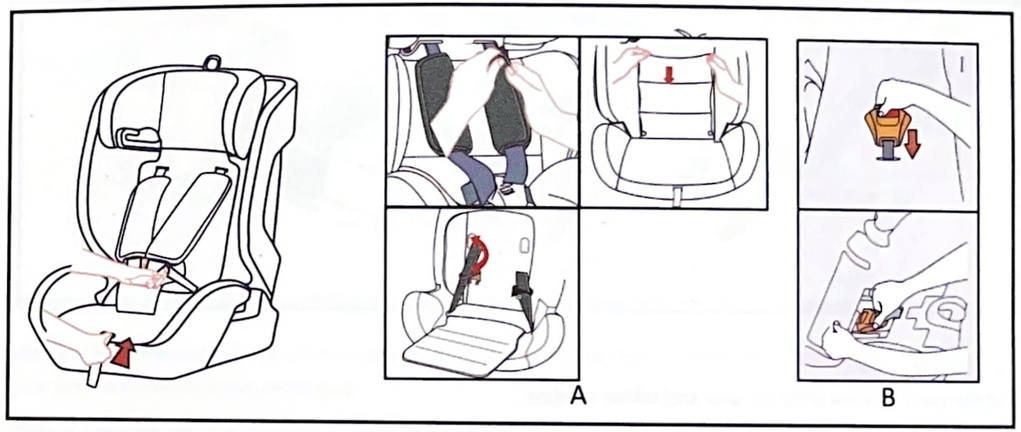
Secure your child with 5-point harness.

Caution! Make sure that the vehicle seat belt is not twisted, and the child seat is securely fastened. If it is not, retighten the vehicle seat belt again.

The Comfortable cushion is only suitable for children who are 76-87cm tall.

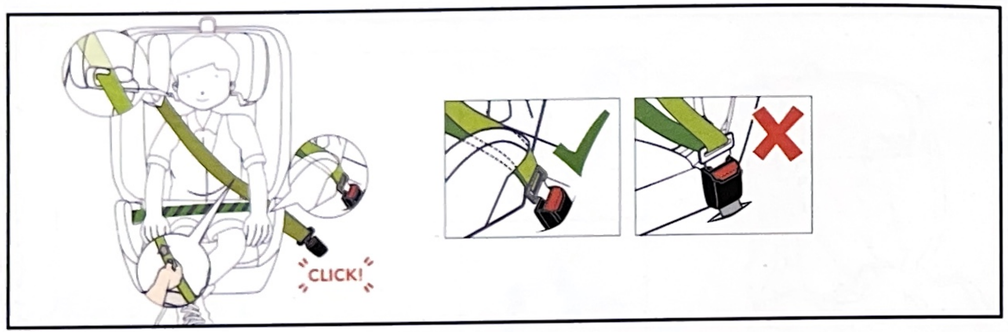
Forward-Facing Installation(100-150cm)

Removing 5-Point Harness and Storage the Accessory Part



A. Open the shoulder pad.Disassemble the metal sunpiece.Disassemble the backrest fabric cover. Hide the buckle tongue into the hidden slot position.

B. To store the 5-point safety harness away it needs to be fully loosened first. Press the red release button and undo the harness. Lift the cover under thecushion and store the buckle parts in the compartment.



Securing the child

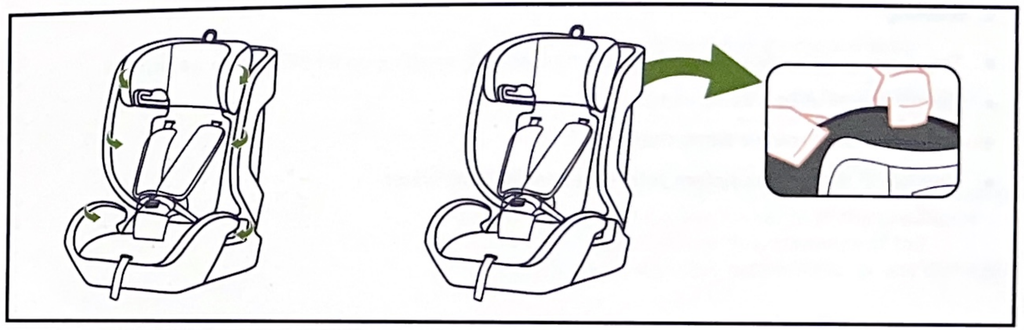
Put the child into the child car seat and follow routine.

Use the Headrest adjustable switch to adjust the height of the headrest according to the child's height.

The shoulder straps should be level with or just above the child s shoulders.

Fasten car seat belt and make sure, it is tight enough.

Remove The Cover



Adjust the headrest up to the most highest position, take away the comfortable cushion. Then release the buckle to remove the chest pad.

Remove the headrest cover and seat cover carefully.

Maintenance

1. **Washing**

- The covers and the shoulder pads can be removed for washing under 30℃ clean water;
- Clean the shell using a damp cloth.
- Clean the buckle using a damp cloth.
- Remove off the harness system before washing by soap water.
