## Breathe Easy® COT LINER

This set contains:

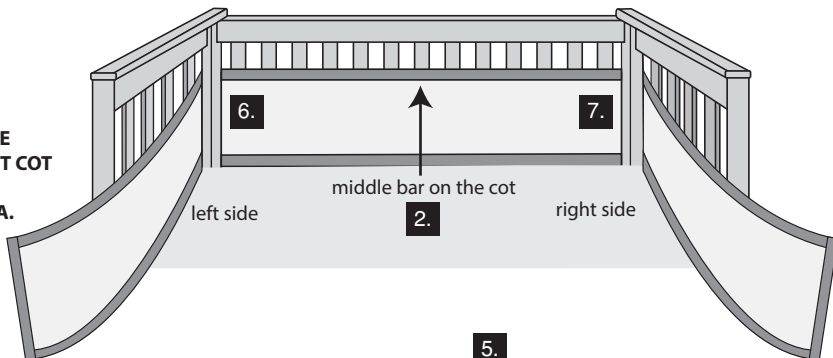

162cm x 25cm (covers the drop side/ front length of cot)

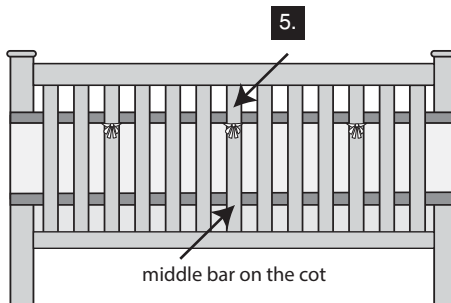

### INSTALLING PART 1: LONG PIECE

1. The long piece covers the bars along the back length and ends of the cot. (see diagram D.)
2. Align the centre of part 1 (as indicated by the middle set of ties) to the middle bar on the length of the cot. (see diagram A, 2.)
3. Ties should be on the top edge, and facing outside the cot.
4. The polyester mesh faces the outside of the cot, the organic cotton mesh faces inside the cot.
5. Attach the centre tie securely to the middle bar of the cot, secure the adjacent ties to the nearest bar to create a taut and upright liner. (see diagram B.)
6. Take the left side of the liner and weave BEHIND the corner post. (see diagram A, 6.)
7. Repeat on the right side.

Diag B.

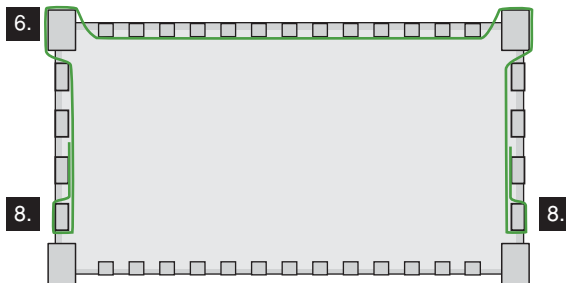

**TOP  
COT VIEW  
Diag C.**

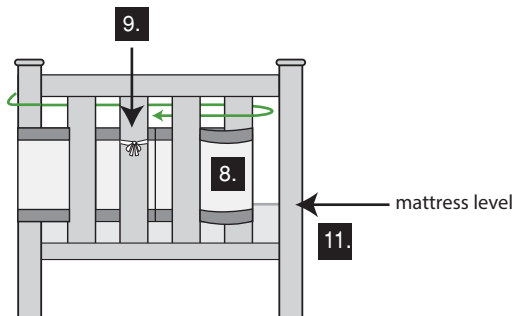

8. Left side: Take the front edge of liner and wrap it back around the last cot bar, so the liner is wrapping back on itself. (see diagram C , D & E.) Gently pull the liner so it is taut and press firmly on the top and bottom edges to secure the velcro attachment.
9. Securely attach the tie to the nearest cot bar to maintain the liner's taut upright position.
10. Repeat steps 6-9 on the right side.
11. The liner's lower edge should be tucked in below the mattress level for safety.

Diag E**

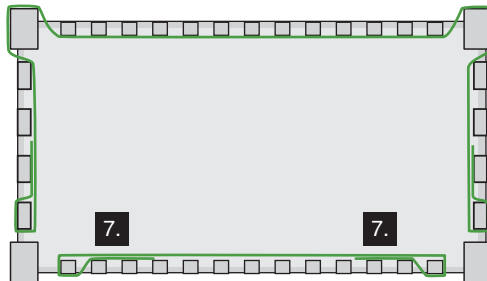

## INSTALLING PART 2: SHORT PIECE

1. The short piece covers the bars along the front length of the cot.
2. Align the centre of part 2 (as indicated by the middle set of ties) to the middle bar on the length of the cot.
3. Ties should be on the top edge, and facing outside the cot.
4. The polyester mesh faces the outside of the cot, the organic cotton mesh faces inside the cot.
5. Attach the centre tie securely to the middle bar of the cot to help keep liner upright. (see diagram E, 2.)
6. Take the left side of the liner and weave AROUND the last bar, so it wraps back on to itself (see diagram E & F, 6 & 7)
7. Gently pull the liner so it is taut and press firmly on the top and bottom edges to secure the velcro attachment.
8. Repeat on the right side.
9. The liner's lower edge should be tucked in below the mattress level for safety.

OF LINER INSTALLED  
(Diag F.)**

### Safety Installation Checklist

- The liner has the organic cotton mesh on the inside of the cot - soft for baby to touch.
- Ensure the liner is taut and firmly wrapped around the posts and bars.
- All velcro attachments on top & bottom edges are secured.
- All ties are securely tied on the outside of the cot. Liner must not fall inwards or slump.
- Liner's lower edge is tucked in below the mattress level.

### CARE INSTRUCTIONS

Cold gentle machine wash. Fasten velcro to prevent snagging. Do not bleach or wring. Do not tumble dry. Line dry. Do not iron. Do not dry clean ☒ Note: Fibre contents listed are exclusive of trims.
